## Easter Race 2018 on Fanø

<b>Distances</b>	<p>Please note that if you chose to stay in the Esbjerg area, it can be difficult to find free parking area close to the ferry at the Esbjerg side. Therefore, please have additional time for parking.</p> <p>From ferry in Nordby to bus connection: 100 meters From ferry with bus to event center : 6,5 km, approx. 12 minutes From bus stop near event center to event center: 500 meters From ferry to parking area at the beach (in own car): 9 km. From parking area at the beach to the event center: 1200 meters</p>
<b>Maps</b>	<p>The maps of Fanø Klitplantage have been revised in 2017 in scale 1:7500 and 1:10000 depending on class. There will only be one scale of each course, and when that is the case, the course will only be in scale 1:7500. The maps are offset print and made with tear and waterproof paper.</p>
<b>Terrain</b>	<p>The event area has many major landscape variations. Plains and marsh areas in different sizes cut through the dense areas. Sand dunes alternate with small lakes and meadows.</p> <p>The area also embodies different human activity over time. On the east coast, the country's only preserved Duck Decoy is located. Throughout the area, there are many bunkers from the second world war. From the present time, many "care" interventions have been done. Large areas have been cleared and are kept open with grazing. In addition, ditches have been demolished and bog/marsh reestablished.</p> <p>The three race areas each have their distinctive characteristics and are very different :</p> <div data-bbox="778 1227 1295 1370" style="text-align: center;"></div> <h1 style="text-align: center;">Fanø Sparekasse</h1> <p>1<sup>st</sup> stage is held in the dune area to the south, called Havside Bjerger and the south-western part of Fanø Klitplantage. The dune area contains large dunes, divided by a central small hilly area that also contains many bogs/marshes. The southwestern part of the plantation is without major hills and relatively open.</p> <p>2<sup>nd</sup> stage is held in the eastern part of Fanø Klitplantage. Here are several large parable dune formations. The area contains both very dense and very open greened areas alternating with large open areas.</p> <p>3<sup>rd</sup> stage is held in the northwestern part of Fanø Klitplantage. A very varied area with hills and reasonable accessibility to the south. Towards the north-west small hills alternate with large bog/marsh areas, some of which have varied accessibility. The eastern part of this race area is equally divided into a dense area and an area very easy to access.</p>

## Easter Race 2018 on Fanø

### First start

- 1<sup>st</sup> stage, Maundy Thursday, March 29, 2018, in Fanø klitplantage Havside Bjerge at 11:00
- 2<sup>nd</sup> stage, Good Friday, March 30, 2018 in Fanø Klitplantage Fuglekøjerne at 10:00
